

WellDyneRx is a national pharmacy benefit management company that serves its health plan members through a retail network of over 58,000 nationwide pharmacies.

In addition, WellDyneRx has a full-service mail order facility that is run with its state-of-the-art robotics technology to quickly and accurately fill prescriptions.

Member service professionals are available for phone consultation 24 hours a day, 7 days a week, 365 days a year.

Additionally, all WellDyneRx members have 24 hour online access to their pharmacy benefit needs, including: prescription refills, online payments, drug and disease information, and personal medication ordering history.

WellDyneRx' Online Enrollment Center provides a convenient, secure online resource for member enrollment and updates of employee records.
